*Killed or Wounded

In addition to the ex-students whose names appear in this list, three Staff members are also to be included, as follows:

Sergt. Bertha Lawrence, who is still in London, but who will rejoin the Staff at the beginning of the fall term.

LAW. Alva Sparling, who was on the Staff for several years, but who is now married and will not be rejoining us.

S/L. Arnold Henderson, who has been back with us for some months.

The Principal's Message

A few days ago I had occasion to dictate a letter to the graduating class. It was different from the usual run of letters, being a letter of recommendation given by an employer to a young man who was leaving for another city. Referring to his experiences with this young man, the employer said:

"He has taken a personal interest in the business; is a hard worker; of strict integrity and superior ability, and in every way worthy of your confidence."

When I read this splendid testimonial, I immediately began to connect it up with the young men and women who will be graduated from Commercial High this summer. Even if space were available, it might not be wise to list the results of my observations. On the other hand, I am going to suggest that each of you make a self-analysis and discover your own standing.

For instance, have you taken a personal interest in the welfare of the school, or only in the personal welfare of John Smith? Have you really been a hard worker? Is your character above reproach, and have you always merited the confidence of your teachers and your fellow students? These are the things which will be expected of you when you enter business. It is my sincere hope that none of you will be found wanting.

J. P. PAGE.

From The Editor

"Tempus Fugit!" Time certainly does fly! As the 1945-46 school term draws to its close, all students look back upon this chapter of their lives with mingled feelings of relief and regret. To those who are Freshmen and Juniors, the end of this term will mean merely a brief respite from studying; to those who are graduating, although it means the closing of one door forever, it also means the opening of doors of opportunity into the business world.

The word of caution voiced by the following verse seems especially fitting—

*"The future lies before you
Like a path of driven snow.
Be careful how you tread it,
For every mark will show."*

We who are graduating this year, have the privilege of being the first post-war class. Now, as never before, special emphasis is being placed upon efficiency. Self-inventory at any time is beneficial; now, it is imperative. Are we attaining a degree of efficiency satisfactory to ourselves? Will we, this year and in the years to come, prove ourselves capable of holding a responsible position in a business office? If not, let us strive unceasingly by every available means to gain that goal of perfection which is set before us.

In closing, let me say to the 1945-46 Graduands, in the words of a famous poet—

*"May you sail on the sea of ambition,
And land on the shores of success."*

DORIS SLACK.

"THE PRESIDENT SEZ HIS PIECE"

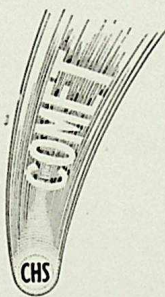

As the school year draws to a close, it is every graduate's regret to bid good-bye to "good old C.H.S." The past year has been filled with joyous occasions which every student will not forget. The dances, sleigh-rides, hayrides, and parties all weave together to make this year stand out as one of joy and happiness.

During the past year I hope the Students' Union has functioned to the satisfaction of every student. It is my opinion that the members, with the splendid supervision of Mr. Garlough, did an excellent job in planning the school social activities.

At this point, I would like to thank Mr. Page and all the other teachers for their co-operation during the year. Also on behalf of all students may I express our appreciation to teachers for the patience and tolerance in trying to teach us.

To my fellow graduates I wish every success for a prosperous and happy life. To every undergraduate, may he return to make this a better school than ever.

LAWRENCE UNDERWOOD.

Valedictory

Graduation is the time to which every student looks forward because it signifies the end of years of hard work and study. Perhaps to us it has not always been hard work and study. There have been times when we have left off our work to partake of the joys which life provides. As we look back on our school years, we think of the many opportunities which were given to us and which we did not use. But we have learned a lesson, and now that we are about to step out into the world to take our different positions, we shall learn from past mistakes to answer when opportunity knocks. Life today has much to offer to those who are willing to work. Bliss Carmen, the well-known poet wrote:

*"Three things are given to man to do—
To dare, to labour, and to grow."*

Through the knowledge that we have obtained through the past school years, and particularly this last year, every student will be able to meet this challenge with steadfast persistence and courage.

We are sincerely thankful to our teachers for their continuous guidance and help. It has not been an easy task for them, but through their patience and perseverance, they have aided us in our educational difficulties and taught us the essence of good citizenship. We owe to our teachers much more than we can ever realize, because we have not only associated with them as teacher and pupil but also as friend and friend. As we go out to face life, let us show our appreciation by holding high the standards of our school, and keep ever before us the teachings of our friends, parents, and instructors.

However, now that graduation is so near, it is with regret that our friendships with classmates and teachers alike will be somewhat discontinued. Of course, there will be times when we shall meet and see each other in our business or professional life, but for the most part we shall go our separate ways. It has been a very enjoyable year for each one of us—what with essays, dialogues, discussions and debates. Yes, we will have to admit to ourselves that our school years have been very happy.

But now, perhaps more than ever, we, the graduates of 1946, will be required, as good Canadian citizens, to help in the rebuilding of this war-torn and shattered world. The war has been won but the peace is yet to be won. Therefore, it behooves each and every one of us to do his or her best to win that peace—that peace which will mean so much to those who are to come after.

Just remember, no matter how significant or how insignificant our positions may be, let us fill them to the best of our ability, because it is we who will make the world of tomorrow.

KATHLEEN BILLINGSLEY.

The Commercial graduates said farewell to the social activities of 1946 at their banquet and dance held in the Macdonald Hotel on June 8th.

Many interesting and helpful hints were given in a message by our principal, Mr. Page, and Students' Union President, Lawrence Underwood. The valedictory was graciously presented by Kathleen Billingsley.

After this part of the evening was over, Frank McCleavy's orchestra set the pace for the dancers and all got in the mood to step.

Mr. and Mrs. Page, Miss McRae and Miss Morrison kindly extended their patronage to the gay evening.

Members of the executive were: Pres., David Elliott; Vice-Pres., Ruby Ford; Sec'y-Treas., Helen Singer; Staff Adviser, Mr. Earl Garlough.

GIRLS' BASKETBALL

Front Row, left to right: Shirley Wentworth, Faye Roberts, Margaret Gregory, Kay Jacobson, Luella Chatten, Verna Martin.
Back Row: Olive Thorne, Helena Kidd, Lois Baker, Mae Empey, Silvia Robertson.

BOYS' BASKETBALL

Left to right: Jack Morrison, John Paproski, Don Walker, Bill Detmold, Guy Cubitt, Coach Henderson, Gordon Speers, Jerry Babiuk, Ray Edginton, Fred Krook, David Elliott, John Checholik.

GIRLS' BASKETBALL

Although the Commercial girls didn't take top honors in basketball this year it is not because they didn't try. They did get off to a bad start but as the year went on they improved greatly under the able supervision of Mr. Hollingsworth. They sent Scona and Westglen down to defeat as the season came to an end.

The girls' team consisted of Lois Baker, Shirley Wentworth, May Empey, Sylvia Robertson, Luella Chatten, Kay Jacobson, Faye Roberts, Helena Kidd and Olive Thorne.

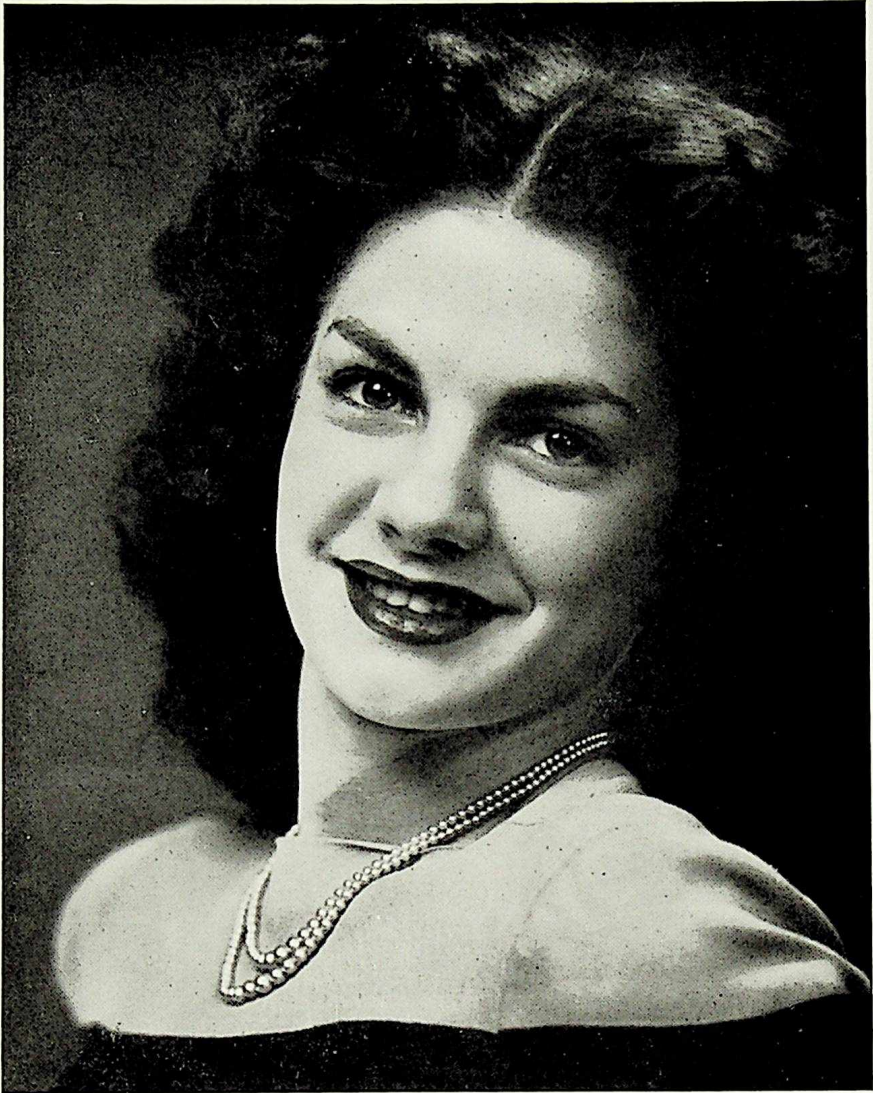

BOYS' BASKETBALL

There was new enthusiasm in boys' basketball at Commercial during the past season. Former Squadron Leader A. E. Henderson was back in the coaching role and a spirited and loyal group of boys helped him restore old "Commercial" to the top of the heap in the junior boys' league.

A schedule of five games was played without a single loss. The squad, paced by the effective play of Guy Cubitt and the steady defensive work of Gordon Speers, did a fine job. They even showed up well against the senior teams played.

The players were: Guy Cubitt, Don Walker, Ray Edginton, Gordon Speers, Johnny Checholik, Fred Krook, Dave Elliott, John Paproski, Bill Detmold, Jack Morrison, Jerry Babiuk.

LAND OF OPPORTUNITY

Richly endowed with widely varied natural resources—coal, oil, clays, bituminous sands, timber, water power, national parks, agricultural lands—Alberta truly is a land of opportunity.

Alberta is also a progressive province. Its labor laws are the most advanced in Canada. Its health and social welfare legislation approach more nearly than any other province the condition of state medicine.

Alberta's system of land tenure and of leasing encourages the development of natural resources.

Alberta's reformed system of education provides the best for Alberta's children.

Alberta's agricultural policies have so improved the quality of her products that their market has been extended to virtually every part of the world.

Alberta is indeed a happy place in which to live.
